

After seeing the Anti-Kerry Documentary no one could say that it was not electioneering. Having not seen the edited version that Sinclair is set to air, I cannot say how damaging it will be, but it absolutely cannot be complimentary. Insomuch as ABC has disproven the Swift Boat Liars for Bush story by interviewing the villagers in Viet Nam who witnessed the firefight that day, rehashing proven lies on national television is bordering on criminal. Please consider preventing this broadcast, or at the very least requiring equal time for the truth. Showing lies to impressionable voters is all the Bush administration can do at this point, having no record or valid arguments to sway voters, they have decended to a campaign of "Fear and Smear". Please do your part to protect our democracy from this propaganda.
